BORN IN THE USA. MADE IN THE USA.

At the end of World War II, HON began designing and manufacturing products for the home and office from Iowa, the heartland of America. These practical solutions inspired productivity and helped workers everywhere chase the American dream. Nearly 75 years later, we remain committed to designing, engineering and assembling all HON products right here in America. This gives us the chance to oversee every step of a product’s life cycle, while also supporting a robust American work force.

Why should you care about buying American? Besides the obvious benefit of helping workers and companies in our own country thrive, HON customers get confidence. Because we have direct oversight of every stage of product development, we know we’re making durable products of the highest quality. This allows us to offer the strongest warranty in the industry, the HON Full Lifetime Warranty. Look for the Made In The USA logo throughout the catalog which designates which HON products are Made in the USA and be confident that your investment will continue to pay off for years.
HON high-performance spaces help you do your best work.

It’s a simple fact that when your people succeed, so does your organization. At HON, quality comes first. This is why we rigorously test our products in our Muscatine, Iowa lab, examining even the smallest details. One month away from the launch of Solve®, one of our high-performance seating lines, our test labs revealed a .03” gap between the back and frame. Virtually invisible to the naked eye, but not within our margin of error. We delayed the launch to get it right, because making products customers can count on for a lifetime of performance is all that matters. Look for the icons below to make sure you’re buying Made In The USA products.
So Many Choices. One Simple Solution.

Not sure what chair is right for you? HON’s Chair Chooser tool will help you select the right chair just by answering a few simple questions.

hon.com/chairchooser

PUT PEOPLE IN THE BEST POSTURE FOR SUCCESS.

Supporting the ergonomic and functional needs of all users throughout your space requires a flexible seating platform that allows everyone to personalize their comfort. HON’s lineup of task chairs empowers everyone to do their best work. The featured listing shown on the next page offers customizable support and comfort.
DESIGNED AROUND YOU
There are many features to consider when selecting the perfect chair to suit your needs. The following terms will help you choose the product enhancements that are right for you.

HON CONVERGENCE®
WHERE SUPPORT AND AFFORDABILITY MEET
Convergence is the task chair that’s as attainable as it is comfortable, with your choice of a standard swivel-tilt control or an advanced synchro-tilt control with seat slide. Lumbar support adds extra lower back comfort. Thick seat cushions take the stress off the lower body. Arm choices optimize your upper body support. A breathable mesh back that flexes and responds to your movements. Convergence puts all the features you’re looking for into one low-priced task chair.

HON MOTIVATE®

ADAPT. REACT. MOTIVATE.

Whether gathering for a quick meeting or sitting in a lengthy training session, Motivate delivers the comfort and support you need to stay productive. The advanced contours of the seat and back move with the body to reduce pressure points and provide long-lasting comfort. So no matter how a user sits — or how long they stay — they remain comfortable.

GOOD FOR PEOPLE.  
GOOD FOR BUSINESS.

By shaping your workplace around people’s needs, you help everyone become healthier, more productive and consistently engaged. That’s good for them, which is always better for your business. Research proves that taking a proactive approach to well-being translates to a meaningful increase in attendance, morale and productivity. Here are a couple ways to support healthier work styles throughout your workplace.

Q. With an 83% increase in sedentary jobs since 1950, what can you do to promote movement?  
A. Make movement fun and a natural part of the workday.

Q. How can you help the 8 of 10 workers who experience back pain at some point?
A. Active seating helps prevent and minimize back pain.

1. American Heart Association, 2013  
HON Coordinate™ Height-Adjustable Table
Achieve the exact worksurface height you desire with the HON Coordinate Height-Adjustable Table. This height-adjustable base attaches to a worksurface to create a table that rises from 23⅜” to 49⅜” to support sit-to-stand desks.

HON Directional™ Desktop Sit-To-Stand
HON Directional easily transforms any static desk into an active sit-to-stand workstation.

basyx by HON Perch
basyx by HON Perch is an active seating solution that keeps you energized all day. Tilt forward for greater focus. Lean back to relax. Swivel for conversations.
HON COORDINATE™
HEIGHT-ADJUSTABLE DESKS

A HEALTHIER WAY TO WORK
Humans simply weren’t meant to sit for eight hours a day. Coordinate height-adjustable table bases provide an option for switching between sitting and standing at your desk throughout the day, freeing you to work however you prefer.

TRAINING SPACES

HON HUDDLE TABLES

QUICK CHANGE ARTISTS
In training spaces, changes need to happen in the blink of an eye. Tables get configured for a morning training session, then reconfigured for a noon presentation, then quickly and easily nested to create an open space. Huddle tables bring everyone together comfortably, and can be easily reconfigured or stowed away when not in use. Work happens everywhere and Huddle has a solution.

INSPIRED IN THE USA

At HON, we’ve been delivering inspired practicality since 1944, when we began repurposing the scrap metal generated from our contract furniture business into card files. This evolved into the creation of the very first vertical file cabinet, a product HON practically invented and continues to improve upon to this day. Look for the icon below to make sure you’re buying Made In The USA products.

WE DO THE RIGHT THING

At HON, it’s not just in our best interest to care about the products we create and the people we serve. We look at it as our responsibility, and we back up our commitment with our strong warranties. This is much more than a contract or a guarantee. It’s a binding promise that in the rare instance something isn’t perfect, HON will fix or replace it for free.

However, our caring approach doesn’t stop there. We care about what it means to be a company born in America. A company that considers and respects the well-being of our members and the people we serve. We also care about the planet we live on. We’re green and proud of it — and we show it by making sure we don’t harm our natural environment, and by creating a safe work environment so that no harm comes to our members. In short, we believe it’s just plain wrong to not do what’s right.
